## Director's Note

As I sit down to write this note, I'm flooded with memories of my childhood, a time when the movie *Clue* was a regular fixture in my family's movie nights. I remember the first time I watched it—how the blend of mystery, comedy, and zany characters captured my imagination and became a beloved part of my growing years. I would then reenact scenes from the movie out on the playground at school because of how deeply the movie affected me. That film wasn't just a source of entertainment; it was a catalyst for countless hours of laughter and togetherness with family and friends.

Bringing *Clue* to the stage has been a deeply personal journey for me. The script's sharp wit and the delightful chaos of its plot echo the spirit of the film I cherished as a kid. Directing this stage adaptation has allowed me to revisit that special place in my heart and share it with a new audience. Every twist and turn in the story, every clever line, and every hilarious misunderstanding is a tribute to the movie that shaped my love for storytelling and theater.

This production is not just about recreating a classic; it's about celebrating the joy and nostalgia that *Clue* has brought to so many of us. It's an opportunity to experience the thrill of solving the mystery anew, and to laugh, just as I did, at the absurdity and charm of this beloved whodunit.

To the cast, crew, and everyone involved, thank you for your dedication and enthusiasm. And to the audience, I hope this show brings you as much joy and fond memories as *Clue* has brought to me over the years. Enjoy the mystery, the mayhem, and the magic!

They've done lighting work on previous Johnson shows "You Can't Take it With You," "The Sweet Science of Bruising," and "Mamma Mia," as well as being board op alongside the lighting work for previous shows "Big Love," "These Shining Lives," and "Matilda." They want to thank the Directors and the people around them for making them feel so welcome, and letting them truly enjoy working on the shows, even when things go wrong. (I'm still learning, ok?) Alongside their family, for supporting and loving them the entire way through. If you read this entire bio, enjoy the show, we made it a good one!

She would also like to thank her mom for giving her her not so secret talent of extreme sarcasm and her father for his really "good" dad jokes she uses on the daily. She is so proud that her cast mates always were on task and glad she was never a source of distraction to them. She would also love to thank the directors who worked so hard alongside the cast and crew, and never fail to remind us that they share a braincell.

Olivia Stoll (Backup Cop) is a Freshman at Johnson High School. This is her first year at Johnson High School, but her 5th year in theater. Her previous roles include Hannah in Lafayette No.1, a thespian in High School Musical Jr, a server in the Murder Mystery Dinner Party, and she participated in Haunted House Crooked Fairytales, and Idea Industries. Her crew positions include set crew for Annie Jr, and Matilda Jr. She would like to thank her amazing friends and family for supporting her love for theater. She would also like to thank her amazing theater teachers who have helped her grow throughout the years.

Vee Stoll (Hair and Makeup Head) is a senior at Johnson High School. She has been in the department for 4 years and basically lives in the B-wing. She will most likely be found in the dressing room working on something latex-related or in the blackbox annoying Mr. Asterman. She is also on level 2,930 in Homescapes which she is both proud of and concerned about. Vee would like to thank her directors, friends, and family for always supporting her and is excited to put on such amazing shows this year!

Sebastian Tavares (Wadsworth) is a Senior at Johnson High School, he has been a part of the department for all 4 years and is this year's theater council president! He is famously known for his spectacular splits in Big Love and Matilda. He also loves fruit and lasagna! He would like to thank the directors for giving him another chance to act and show what he can do! Also to thank his family, friends and the "Fros", a dear friend group he occasionally gets fro yo with, for the unconditional support, love and care. He wants to give a special shoutout to his little sister, Isabella, whom he has a matching mouse ring with! And his mom Bea, who gifted him with his beautiful curls! He hopes you have a great time and can't wait to make you laugh! Enjoy the show!

Sora Ayers (Professor Plum) is a senior at Johnson High School and has been an active member of Theatre Productions since freshman year. She has been an actor in Tempest, The Sweet Science of Bruising, Caucasian Chalk Circle, Big Love, Matilda, Haunted House, and Senior Directed. She has also worked in tech for many more shows. She is very thrilled to be a part of this show, and she would like to thank her wonderful parents for being there every step of the way!

Ella Zapata (Assistant Stage Manager/Costume Head) is a sophomore at Johnson High School. This is her 1st year in theater productions but her 4th year in theater overall. She has worked on costumes for Matilda, Big Love, These Shining Lives, and Haunted House. She would like to give a big freaking shout out to her best friend Zero for always encouraging her and being the best person like ever, and a big thank you to EVERYONE involved in Clue that have made it such a wonderful experience! Enjoy the show! <3

ShawnAMamaLlama (Shawn) (Shawn the Llama) Is a highly decorated actor who made his first break at a small pop-up shop on the San Antonio Riverwalk. He is very glad to be a part of Clue, and will never forget the roles he played in You Can't Take it With You, The Sweet Science of Bruising, Mamma Mia, Big Love, and Matilda. Shawn enjoyed the theater community and the work he does for them, despite the low paycheck (We ran out of grain), and hopes to star in the upcoming shows. He would like to thank his father back in Peru, his brother who has taken his place at the Riverwalk, his amazingly fluffy coat, and his supportive mother- Madi K.
